# Voter Profile & Peer Group Survey Participation

## Voter Profile and Participation Levels:

- The sheet displays information about voter profiles and participation levels across various Buy Side demographics.
- Select specific demographics (such as Region or Commission Band) using the options on the left-hand side of the sheet.

## Vote Profile by Demographic:

- The bar chart shows the vote profile for each demographic group (e.g., by Band, Region, or Type).
- Your firm's grouping is highlighted in yellow within the chart.

## Distribution Charts:

- These charts illustrate participation levels in the survey across different peer groups.
- For example, they show the number of firms voted for, the number of sectors that were voted in and the participation level for your own firm.

# Broker Evaluation Analysis

This sheet offers a detailed comparison, organized by Sector, between your Research Provider evaluations and the consensus market perception derived from overall results.

- **Left-Hand Table:** sort the results in this table either by your own rankings or by the survey (Market) rankings.
  - **Orange** indicates you rank the broker/provider *inline* with the market.
  - **Green** indicates you rank them *higher* than the market.
  - **Purple** you rank them *lower*.
- **Right-Hand Scatter Chart:** visually represents the same data.
- **Sector-Level Analyst Ranking Comparisons:** These are located further down the sheet. Select a single sector in order to view this information.
