

2021 II RESEARCH ALL-AMERICA & ALL-CANADA METHODOLOGY

**Institutional
Investor**

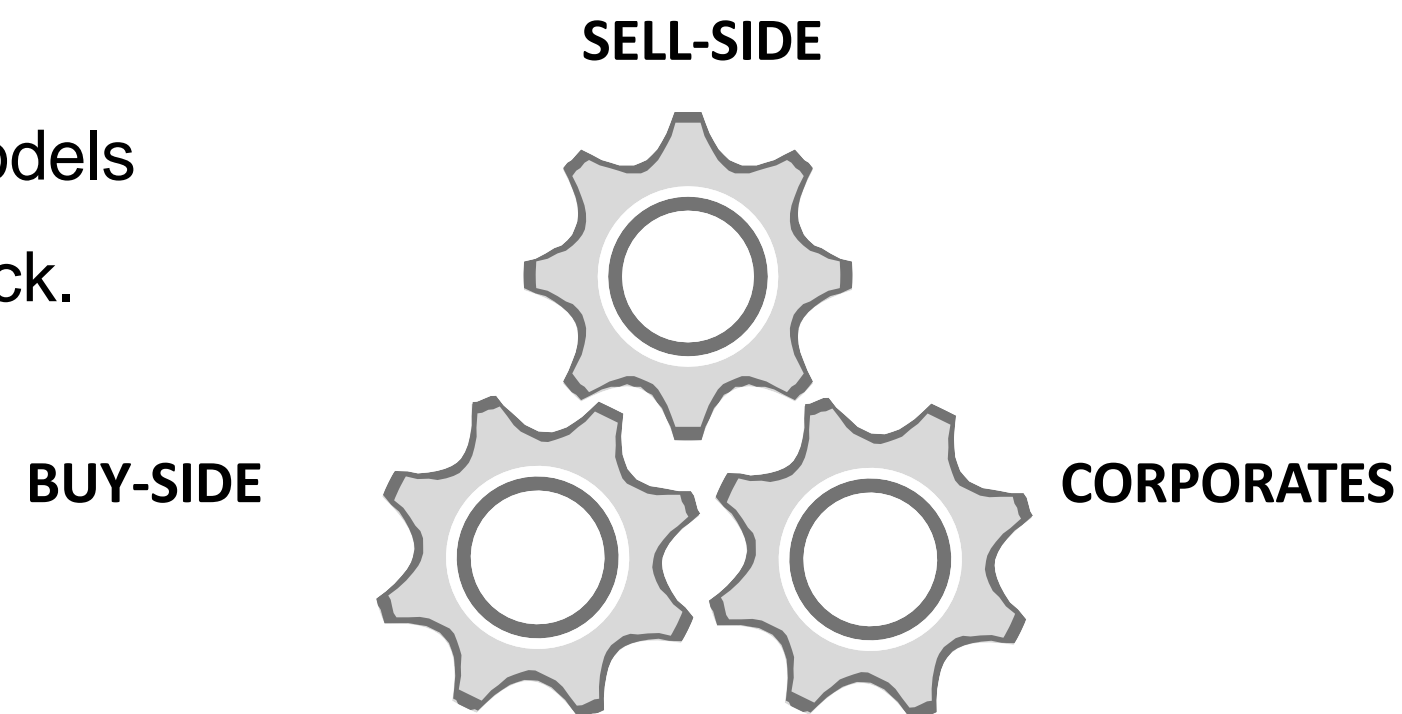

WHO WE ARE

***Institutional Investor Research (II Research)** is recognized as the leading provider of independent performance validation and a source of qualitative market intelligence for Corporates and Investment Professionals globally.*

 **GOLD STANDARD** of market intelligence for Equities, Fixed-Income and Corporate Executive Team performance.

RESEARCH - RANKINGS - DATA - INSIGHTS

In-depth data allows firms to refine business models using independent and comprehensive feedback.

WHAT WE DO

II Research produces unique insights and actionable data, based on annual performance and market penetration assessments across 10 different global markets and key capital market players.

Independent Data-driven Insights

The research data:

- Independently captures evaluations of companies, brokers and executives from investment managers, broker firms and corporate issuers.
- Delivers detailed peer-to-peer comparative analyses every year.

The feedback helps inform strategic decision making and improve resource and process management.

CENTRALISED VOTING

We aim to increase the number of firms that submit a broker review or coordinate a response at a firm level. This information will be shared within the target participation list. We encourage all buy-side firms to submit a centralized vote or use their research evaluation as the basis for their vote. Sell-side firms are also requested to encourage their clients to participate in this way. This will increase the validity of the results and ensure that the results accurately reflect the market.

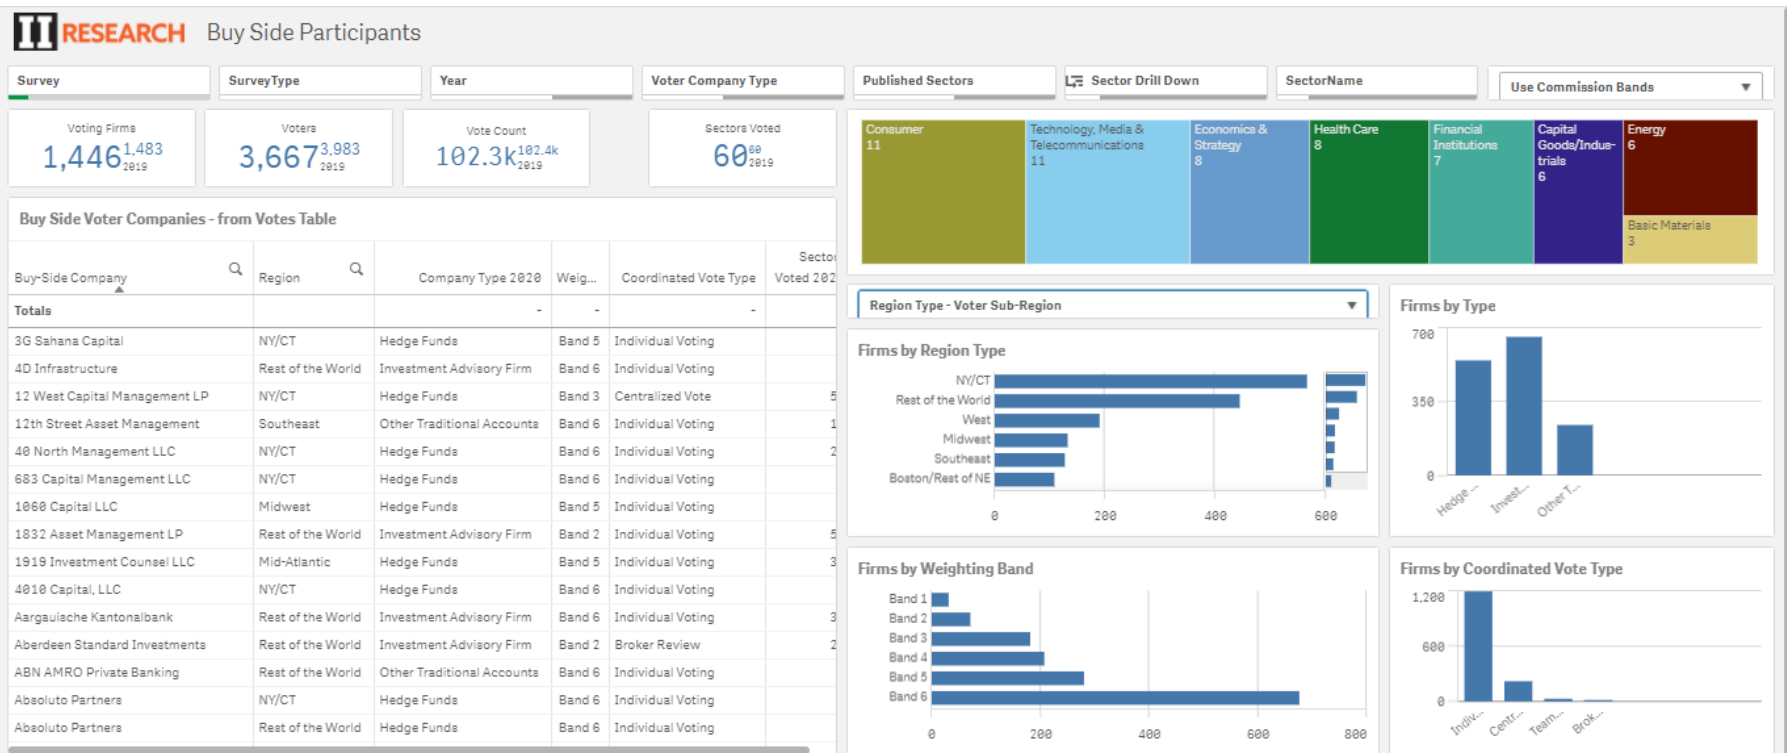

Broker Vote (BV)	A direct extract from a buy-side broker vote or research evaluation. II Research interprets this input and makes best efforts to match the evaluation to the II ballot structure. The mapped vote may be returned to the originating firm for review and validation. Individual votes received in the survey outside of the central submission are discarded or <i>may</i> be referred to the source for permission to include. Sell side firms are instructed NOT to lobby these firms for individual votes.
Coordinated Vote (CV)	A single coordinator for the buy-side will arrange input of the firm ballot. This may be through submission of an Excel file or use of the II Voting Portal as a coordinator. If using the II portal as a coordinator, all voting restrictions on the number of firms and analysts are removed, thereby allowing the full broker evaluation process to be reflected through the ballot.
Team Vote (TV)	A buy-side firm may submit a partial vote from a specific team within the whole investment firm. This vote may be enhanced by other individual votes at the firm.
Individual Vote (I)	Votes are submitted by individuals at the firm.

PARTICIPATION / BAND LISTS

- Before each survey, we will share the list of buy-side institutions that will be invited to participate in the survey to sell-side firms that purchase the data. This list will include the current commission band, the weights and vote type (centralized or individual).
- This information will be based on market intelligence from several sources, including the previous year’s survey.
- Feedback will be encouraged from participating sell-side firms on the proposed band lists and weightings. The weightings will be adjusted on the basis of this feedback, participant responses during the survey, and market intelligence.
- The final proposed list will be distributed to sell-side firms that purchase the data, after the survey has closed.

CALCULATING RESULTS

LEADERS' TABLE

The **Overall Winner** in each survey is based on the traditional II Leaders' Table. i.e., how many published positions each sell-side firm receives in the survey. The Weighted Leaders' Table assigns a points score to each published place.

Headline Leaders Table:

Number of published positions (1st, 2nd, 3rd, R/U)

Weighted Leaders Table:

Number of published positions (1st, 2nd, 3rd, R/U)

1st place (4 points)

2nd place (3 points)

3rd place (2 points)

Runner Up (1 point)

We will publish online the following 4 tables:

1. Commission-weighted firm ranking (LEAD)
2. Commission-weighted analyst ranking
3. AUM-weighted firm ranking
4. AUM-weighted analyst ranking

} The commission-weighted firm Leaders' Table will contribute to the Global Leaders Table.

Published Position: 1st, 2nd, 3rd, Runner Up

Below Published Line: Placed but not a "Published" Position"

Honourable Mention: Received votes but less than five

Runner Up: A Published Position awarded to a firm or individual in each voted sector where the weighted score falls within 35% of the 3rd place published position.

Total	48	100%	24	

* Each firm rating is converted to a score, for a total of 24 points. The points are then multiplied by the Commission or AUM of the weighting of the firm.

Ratings are converted to a score and totaled for every sell-side firm receiving a vote. Each sell-side firm's percentage of the total sum is calculated. This percentage is multiplied by 24 points, to determine how many unweighted points each sell-side firm will receive. The points are then multiplied by the Commission or AUM of the weighting of the firm.

METHODOLOGY: FIRM RATINGS

2	Firm C	Firm C	2	18%	2

Because the total sum of ratings is less than 24 points, the percentages are multiplied by the total sum of ratings (11) rather than 24.

Max. number of points (before Commission/AUM weighting is applied) that this voting firm is able to give in a sector is determined by multiplying the number of sell-side firms at which they rated analysts and multiplying by 15. In this example, the voting firm can give a max. of 45 points (15*3).

Analysts ratings are converted to a score and totaled for every analyst receiving a vote. Each analyst's % of total sum is calculated and multiplied by 45 points to determine how many unweighted points each sell-side firm will receive. The points are then multiplied by the Commission or AUM of the weighting of the firm.

Comments: Voters are invited to comment on the services for each firm (II reserves the right to edit).

Restrictions: We limit the number of sectors in which each analyst can appear, and limits on analysts per sector

We are introducing limits on analyst rosters:

Rule 1: Five sectors maximum per analyst across the whole survey. ⁽¹⁾

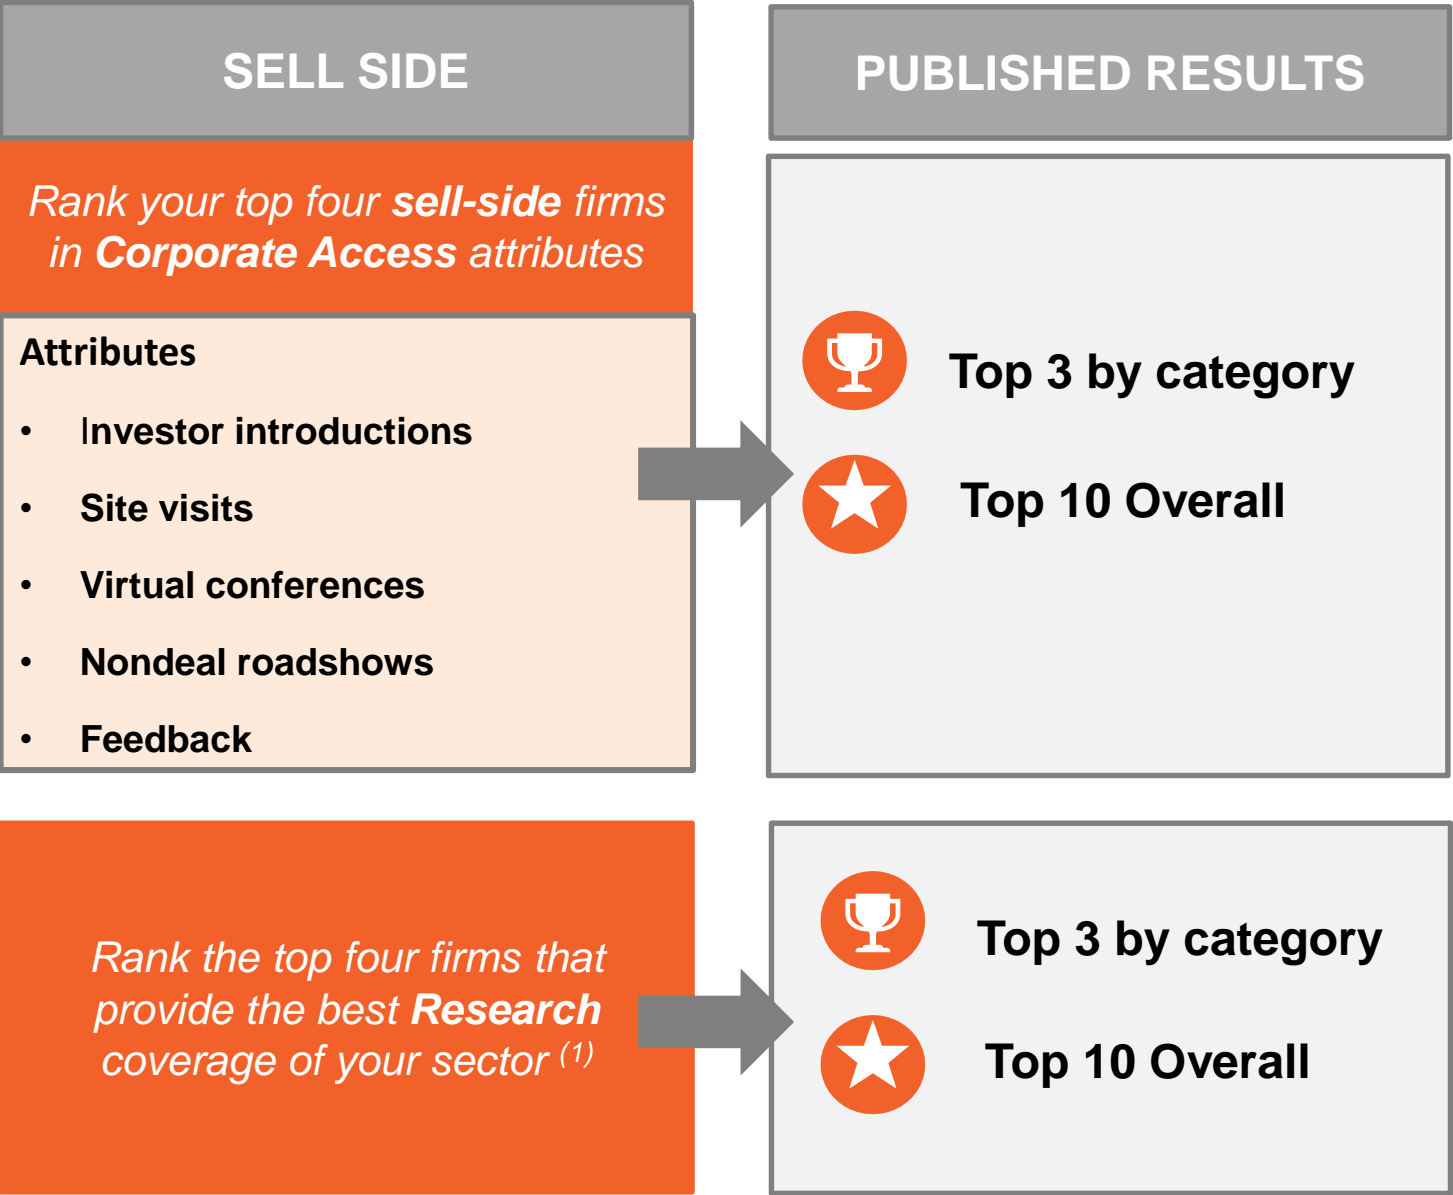

Rule 2: Maximum of 10 analysts per firm, per *Industry* sector.

Rule 3: Maximum of 15 analysts per firm, per *Macro* sector.

1. Any analysts over the limit will have the sectors removed by II on the eve of the survey, in ascending order of votes received in 2020.

CORPORATES VOTING THROUGH CIV FOR...

Contributions are invited for listed companies to rate the **research** and **corporate access** of the sell-side firms that cover them, and the **engagement** of asset managers. The CIV (Corporate Insights & Verification) form is distributed to listed companies ahead of the research survey and includes details of their Executive Team, Investor Relations Program and their relationships across the sell-side and buy-side.

BUY SIDE

Rank your top four buy-side firms in these attributes ⁽²⁾:

Attributes

- Knowledge of your sector
- Active engagement
- Ongoing feedback
- Efficient PM engagement

Please rank the best corporate access providers based on the following activities or performance metrics.

II RESEARCH

EXECUTIVE TEAM SURVEY

Sell-side analysts are encouraged to vote for Corporates in the Executive Team Survey.

Portfolio Managers and **Buy-side Analysts** are required to vote for Corporates in the Executive Team Survey.

Step 1: Select a company

All listed companies in the All-America universe should be available in the auto-fill box. If not, there is an option to "Add a Firm".

Step 2: Rate the Company across the Executive team role and/or IR Program Attribute

Ratings are on a scale of 5 (Excellent) to 1 (Average)

- Consistency
- Granularity

ESG Metrics

- Financially Material ESG Disclosure
- ESG Engagement
- Corporate ESG Strategy

Crisis Management – Covid 19

- Communication of Strategy and risk management amid Covid-19

Step 3: Add comments

For each of the categories and functions, add comments in two boxes:

- Constructive
- Positive

Note: Comments are anonymous, and II Research reserves the right to edit any defamatory content!

1. It is mandatory for buy-side voters to rate at least one company in all IR Program attributes and one IR Professional before they can proceed to vote for the sell side.
2. Quant Analysts, Economists, Strategists and Traders are exempt from this requirement.

VOTING GUIDE

VOTING - REGISTRATION

<https://voting.institutionalinvestor.com>

1

First time users can sign up with their professional email address using the link on the page. An email will be sent to verify their email address.

2

New users can request a ballot after verifying their email address. They will be asked to complete basic information about their firm and job title. Requests will be reviewed to determine eligibility. If approved, they will be able to see the survey under 'My Surveys'. Eligible voters will be able to see the survey when it is open.

3

Voters are asked for the approximate AUM, commission and research wallets for their firm.

The screenshot displays the Institutional Investor Research website. At the top, the logo "Institutional Investor" is visible on the left, and "Log In / Sign Up" is on the right. A banner reads: "Welcome to Institutional Investor Research where eligible voters access their ballots for all Institutional Investor surveys". Below this, a note states: "To participate in a ballot or to request a vote please log in to this section of the site." A link for "Request a ballot" is provided. The main section is titled "All-America Research and Executive Team 2021 Request a Vote". It includes instructions: "To request a ballot enter the required information. All fields must be completed." and "Please note that not all requests will receive a ballot." The form fields are: First Name *, Last Name *, E-Mail *, Telephone no. * (including country code) *, Primary Area of Responsibility * (i.e. analyst, portfolio manager), Please select the institution type that best describes the company (or division) you work for *, and Please search for the company or institution you work for *. Below the form, there is a section for "All China Research Team 2019" with a "Voting area" tab. The "Voting area" tab is active, showing a "Sales" button and a "Corporate Access" button. The "Research" button is also visible. The "Institutional Investor LLC" logo is present, along with a note: "Before starting the ballot we need to ask some questions about your company to ensure that your responses are included in results." The "All-America Research and Executive Team 2021" survey is listed with a "Commission Size *" dropdown menu and a "Research Wallet *" dropdown menu. The "Commission Size" dropdown is set to "Select" and the "Research Wallet" dropdown is set to "Select". The "Research Wallet" dropdown has a note: "Research Wallet: Total sum paid to sell-side for advisory related services (Research, Sales, Corporate Access). This could be P&L or from client funds." The "My Surveys" section is visible at the bottom, showing "All-Asia (ex-Japan) Research and Executive Team 2019" with a "Polling Now" status and a "VOTE" button.
